

E & M Coding ... Beyond the Basics

Evaluation and Management Services (E&M) is a key element of CPT coding. E&M coding cover most patient encounters for office visits, consultations, hospital admissions, visits and discharges as well ER services, preventive health services and critical care. Participants will learn how to properly select an E&M code including documentation of required key elements of the code. Proper use of modifiers for E&M codes will also be presented. This program is designed for surgeons, office managers, supervisors, and other staff members who have a need to know and understand critical elements of Evaluation & Management Services.

This Practice Management Webconference is just \$99 for Members & their Practices:

- | = A 90-minute live Webconference including a formal presentation and time for Q&A
- | = The course is given once as a live Webconference, on Wednesday Nov. 5, 2008 (convenient for your staff) and then via streaming Internet technologies shortly thereafter. Your \$99 registration fee covers either one or both presentations and handout materials.
- | = The ability for ACS Fellows and practice managers to e-mail follow-up questions to Economedix Practice Management Advisors for personalized responses
